

# LARUSÉE

premium Pastis & Absinthes  
made in Switzerland

## Absinthe Verte

sku AB 831804 - 700ml

Fenin, small village nestled in Val-de-Ruz, less than 10 kilometers from the city of Neuchâtel in Switzerland, houses the traditional distillery Larusée. It was founded in 2012 by two friends: master distiller Jean-Pierre Candaux and Nicolas Nyfeler. Jean-Pierre told Nicolas the story of Léon Duvanel, his wife Danièle's grandfather. Originally from Val-de-Travers, Léon had always dreamed of distilling absinthe, but since his wife was downright against such an enterprise, he abandoned his dream, storing his recipe books and research papers in an old trunk in the loft. Léon had since passed on, but before he died he had talked to Jean-Pierre about his passion for absinthe with such enthusiasm that the latter picked up his desire to make it.

Keen to rehabilitate the image of artisanal pastis and absinthe, Nicolas invited Jean-Pierre to join forces with him in order to make this dream come true.

65% alc. - Larusée absinthe is distilled in Fenin, near Neuchâtel, Switzerland, and is made from around 12 aromatic plants and herbs. Weighed to the nearest gram, the blend is placed in 120-litre "chauffe" chambers in a copper still designed by Larusée.

After an overnight soaking, the distillation process is carried out but immediately after distillation a bouquet of plants is left to soak in it which provides strong herbal notes and the light green colour.

Can be enjoyed as an aperitif with cold water or as a digestif. No additive.

*Herbal citrus note with a restrained anise, wormwood character yet everything seems very well-integrated. Multi-layered, complex flavors of anise and chamomile with great flavor integration. High alcohol adds a hint of sweetness overall. Pepper, anise and very good balance. Long finish with fine sweetness, punch in the middle yet crisp with lovely anise and a warm aftertaste. Complex and layered style with a lot to discover. Very well-made with great balance despite the high alcohol.*
